Foreign Language Awards Program Continues

“Bienvenido a los estados unidos”

NTEU recently settled a grievance with Customs and Border Protection regarding the Foreign Language Awards Program—FLAP.

“Verwelkoom naar de verenigde Staten”

“Dare il benvenuto agli stati uniti”

Under the settlement, CBP has agreed to reinstate testing of NTEU-represented employees for foreign language proficiency. Employees who meet the program criteria could receive extra pay for using their foreign language skills on the job. In some instances, back pay may be available to those who were denied access to the program.

“Oensk velkommen til forente Stater”

“Accueillir aux Etats-Unis”

Only NTEU delivers this kind of benefit.
